

## What we do

Almoiz has been awarding the best selected papers in form of **cash prizes and medals** in the PSST for the last **six to seven years** as a token of appreciation for the candidates to talk and present about their achievements in both Agricultural and Technical aspects of the sugar industry.

The appreciation for the papers is as follows:

- |                                   |   |
|-----------------------------------|---|
| 1) Overall Best paper of the Year | ----- Award of Rs. 100,000 along with medal |
| 2) Best paper in Processing       | ----- Award of Rs. 50,000 along with medal  |
| 3) Best paper in Engineering      | ----- Award of Rs. 50,000 along with medal  |
| 4) Young Technologist Award       | ----- Award of Rs. 50,000 along with medal  |

Almoiz supports such activities in order to promote and appreciate:

- ❖ Innovation and new ideas
- ❖ Efficiency
- ❖ Sustainability
- ❖ Diversification
- ❖ Education and Knowledge Transfer

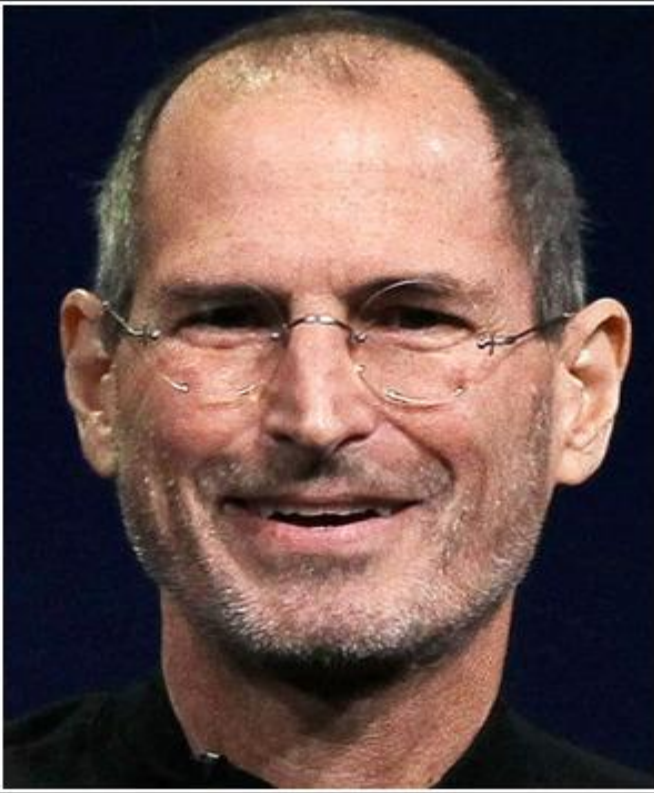

Almoiz is the torchbearer and leader in Pakistan that changed the shape of the sugar industry when it did the following for the first time:

- ❖ Introduced the High Pressure Boilers (65 bars and 490 C) for the first time in Pakistani Sugar Industry.
- ❖ Changed the model of Evaporation technology from the Roberts to the Falling Film Evaporators.
- ❖ Introduced the Integrated Diffuser technology for the very first time that could operate on sugar cane and also on sugar beet on the same unit.
- ❖ And much more..... **But this was only possible by adopting the latest technologies around the world backed by shear research and development.**

Considering the potential of the Pakistani Sugar Industry and with the aim to facilitate it in all the good work that all technologists and agronomists are already doing/ intend to do in future, Almoiz wishes to enhance the awards money from next year.

**❖ We feel delighted to double the award money in all categories form the next PSST Insha'Allah.**

Innovation is the ability to see  
change as an opportunity - not a  
threat
